

To Our Valued Clients,

Out of concern for our valued clients and in compliance to the Harris County “Stay at Home Order” we will be closed until April 3, 2020.

We apologize for any inconveniences but we believe this is a critical time for the communities we serve and we must do our part to help reduce the community spread of COVID-19.

We trust that you will join us in following the appropriate guidelines and recommendations by the medical community and hopefully come out of this crisis quickly to resume our normal lives.

Thank you so much for your patience and understanding. We will reach out when we can safely open again. We merit the confidence you have placed in us and appreciate your continued trust as your beauty and wellness provider.

The Staff and Management

Dr. Michael Heard, MD
